# LAKEWOOD GOLF COURSE

Surrounded by a luxurious housing estate, *Lakewood* comprises three partials of nine holes each – *Rock Course, Lake Course and Wood Course*. Each of the three nines is unique in design and character but, together, they are always kept balanced as to the degree of difficulty to make it playable for golfers of all skill levels.

The par-72 course has four designated tees – black, blue, white and red – with the total yardage measuring 7,014 from the farthest tees. The tees, fairways and roughs are grassed with *Bermuda* and the greens are carpeted with *Tiff Dwarf Bermuda* grass. The fairways are wide and generously dotted with tall trees, while roughs, bunkers, subtle doglegs and undulating greens spice up the challenge. Water comes into play on quite a few holes.

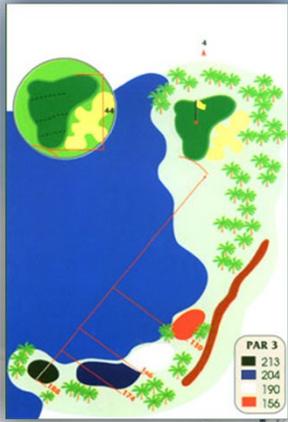

The signature par 3s of the course such as #3 *Lake* and #8 *Wood* rival some of the very best golf holes in and around Bangkok. The caddies are all well trained with most having worked at *Lakewood* for over five years. This makes green reading, with their help, a real pleasure.

# LAKE COURSE

## Hole #3 PAR 3

To be very confident is the most important part to play at the long par 3

# WOOD COURSE

## Hole #4 PAR 3

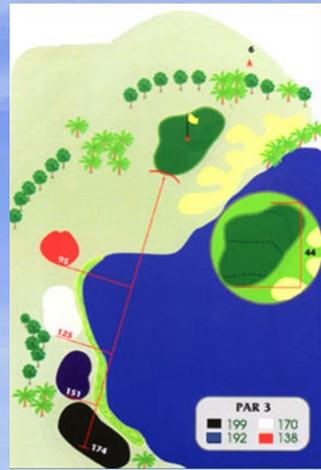

If you are not quite confident, you should aim at the left side of par 3 hole because the sand pitch on the left hand side is safer than the right which is surrounded by the lake. As the green is a tortoise shell curve, you have to be very confident.

# ROCK COURSE

## Hole #5 PAR 3

The lake will be an illusion for golfers in general. If they are not very careful the balls will fall in the sand pitches. Please be careful at the illusion of this pitch.
